

AMISHA KOSHTI

SOFTWARE DEVELOPER

I am a motivated Full Stack Developer specializing in Angular (9-17), TypeScript, JavaScript and modern frameworks. I excel at building responsive, high-performance applications with seamless user experiences. With expertise in both front-end and back-end development, I create scalable solutions that drive efficiency. My strong problem-solving skills, proficiency in clean code practices, and passion for continuous learning help me stay ahead of emerging technologies.

EXPERIENCE

Software Engineer, *Codzgarage Infotech Private Limited.*

December 2024 – Present

Custom Application Development – “Canopy” (Quotation & Proposal System)

- Led the frontend team in designing and developing a fully custom application focused on **Quotation & Proposal Management**.
- Built dynamic form-driven workflows, multi-level approval processes, document generation, and secure file handling.
- Implemented a scalable component architecture, enabling faster development for new modules.

FleetXcel – Driver Management System

- Led development of core operational modules such as **Truck Management, Trailer Management, Driver Training, and Recruitment**
- Guided team members in implementing optimized workflows, role-based access mechanisms, and efficient API structures
- Improved system scalability through caching strategies, lazy loading, and performance-focused state management.

General Responsibilities

- Actively led the frontend team during sprints, helped in task breakdown and ensured best coding practices.
- Worked closely with backend and design teams to maintain alignment across the development lifecycle.
- Delivered high-quality features on time while maintaining strong collaboration and team communication.

Software Engineer, *Verve Systems Pvt. Ltd.*

April 2024 – December 2024

GPT-like Chat Application in Angular

- Created a conversational AI application similar to ChatGPT using **Angular**, integrated with backend services (Node.js, OpenAI API).
- Implemented **NgRx**-based state management, enabling real-time message handling and clean UI transitions.

Reusable UI Component Framework (Lead Developer)

- Spearheaded the design and development of a **modular, reusable UI component framework** used across multiple product lines.
- Improved code reusability and reduced development time by **30%** for new projects.
- Ensured compatibility with Angular and React-based systems.

General Responsibilities

- Integrated the framework across various teams.
- Conducted code reviews, participated in sprint ceremonies, and delivered high-quality product features.

Software developer, *Codebrik solutions LLP*

November 2023 – April 2024

- Developed and maintained reusable Angular components and services for multiple client projects.
- Contributed to UI architecture improvements, reducing development time for future enhancements.
- Built and optimized modules in **Angular 9**, improving performance and scalability across applications.

Junior software developer, *Inventyv software Pvt. Ltd.*

January 2022 – November 2023

- Developed web applications using **Angular 9/10/11/12/13**, adhering to best practices and coding standards.
- Created reusable Angular components, services, and shared modules for multiple products.
- Integrated applications with **Node.js** and REST APIs.
- Delivered high-performance dashboards and modules for healthcare and finance industries.
- Collaborated with QA, design, and backend teams to deliver production-ready solutions.

EDUCATION

Master Degree, MSC-IT

GLS University

Score: 89 Percentage

May 2020 – March 2022

Bachelor Degree, BSC-IT

GLS University

Score: 84 Percentage

June 2017 – March 2020

SKILLS

Angular
type script
MySQL
Socket
Management

Node Js
CouchBase
MongoDB
Socket IO

Java Script
ElasticSearch
mongoose Redis
Problem-solving

ACHIEVEMENTS & AWARDS

- Certification in Web Design by G. H. Patel P. G. Department of Computer Science
February - 2020
- Certification In C++
December – 2019

LANGUAGES

HINDI	–	Native Language
GUJARATI	–	Native Language
ENGLISH	-	Professionally Proficiency
