

JD for Software Development Internship

Position: Software Developer Intern

Location: Ahmedabad

Company: Areterix Technologies, Official Odoo Partner

Duration: 6 months

Stipend: No

Start Date: December 2025

Timings: Monday to Friday | 9 AM to 6 PM

About Us

At **Areterix Technologies**, we are passionate about building smart business solutions using technology. As an **Official Odoo Partner**, we work on ERP implementation, customization, and process automation for clients across industries. Our mission is simple: help businesses grow faster with the right digital tools.

If you're a tech enthusiast eager to explore Python, ERP, databases, and full-stack development, this internship is your chance to step into the world of professional software development.

Role Overview

We're looking for **curious, motivated, and hardworking Software Developer Interns** who want to sharpen their coding skills and learn how enterprise applications are built in the real world. You'll get hands-on exposure to **Odoo, Python, PostgreSQL, OWL JS, HTML, JavaScript, and MySQL** -all while working on live projects under the guidance of experienced mentors.

What You'll Do

- **Code, Debug & Build:** Design, develop, and debug applications in **Odoo, Python, HTML, JavaScript, PostgreSQL, and MySQL**.
- **Learn Project Discipline:** Plan and schedule daily tasks, and share updates with your mentor.
- **Take Ownership:** Handle tasks with responsibility and see them through.

- **Document Your Work:** Create and maintain technical documents for future reference..
- **Collaborate & Grow:** Work closely with senior developers to enhance Odoo modules and integrate APIs.

What We're Looking For

- Pursuing or recently completed a degree in **Computer Science, IT, Engineering**, or related fields.
- Familiar with **Python, SQL, and web technologies (HTML, JS)**.
- Strong problem-solving, debugging, and logical thinking skills.
- Eager to learn ERP systems and how businesses use technology.
- Knowledge of Odoo or ERP frameworks is a bonus (not mandatory).

What You'll Gain

- **Real-World Skills:** Hands-on coding experience in Python, PostgreSQL, OWL JS & ERP systems.
- **Mentorship:** Guidance from experienced Odoo developers and consultants to shape your career.
- **Industry Exposure:** Learn how enterprise-grade applications are designed and delivered.
- **Career Boost:** Internship certificate + potential **full-time placement** offer based on performance.
- **Portfolio Building:** Work on actual client projects that you can showcase in your career journey.

Note: *Interns are required to bring their own laptop for the internship.*

This internship is perfect for students who want to go beyond textbooks and dive into

real-world software development while building a strong foundation for their tech career.
